## EXPERIENCE

### **Web Developer — Ongoing Contracts**

Design and develop custom websites and WordPress solutions from initial consultation through deployment. Projects span education, tourism, political, and business sectors using JavaScript, TypeScript, and modern frontend frameworks.

**Selected Works** — *Full portfolio available at [petersalmon.dev](http://petersalmon.dev)*

[changemakerslibrary.org](http://changemakerslibrary.org) — Fully-custom educational resource platform, with backend & CMS

[aceguitar.app](http://aceguitar.app) — Guitar learning app landing page

[capitalreasoning.com](http://capitalreasoning.com) — AI consulting firm website

[kelownabocharters.ca](http://kelownabocharters.ca) — Tourism site enhancements (WordPress)

### **Records Clerk | BC Land Title and Survey Authority — May 2025–February 2026**

Organized historical land records, maintained databases and statistics, and ensured compliance with data archiving practices in a government office environment.

### **Campaign Coordinator | Green Party of Canada & BC — June 2024–May 2025**

Led volunteer operations across provincial and federal campaigns. Directed 200+ canvassers across 10,000+ doors during the 2025 federal election; coordinated volunteer training, office management, and event planning for the 2024 provincial campaign.

## PROJECTS AND VENTURES

### **Capital Reasoning Systems — Co-Founder and Tech Lead**

B2B AI solutions specializing in private, customized systems for enterprise clients. Flagship product is a RAG-powered document search platform that enables engineers and other trades professionals to query 50k+ technical documents in seconds. Built with Python, Docker, Svelte, and local LLM integration.
